DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 14-16 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Originally presented claims 1-13 were directed to a device and a method wherein a profile alignment device on a second body works together with a complementary tape profile on a scale element to align said scale element with respect to a first body having an installation face.

Newly submitted claims 14-16 are directed to a device and a method wherein a protective element applied to a scale works together with a device on a second body to set a spacing for scanning between said scale and said scanning head.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 14-16 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

2. Claims 1-13 are allowable.

3. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
